Subject: **APPLYING FOR THE PRESTIGIOUS POSITION IN TECHNICAL/IT DEPARTMENT**

I am very interested to pursue a rewarding career in the organization, offering my dedicated service as a member of efficient team in return for excellent training, invaluable experience and opportunities for professional growth.

I did my Bachelor of Science in Computer Science with a Major in Web Development (PHP), forwarding my resume to you with the hope of further discussing my qualifications for this position.

In addition to my strong academic background, I did 3 month experience as **PHP Developer** in a software house named SolutionsPlayer Pvt. Ltd. located in Islamabad, Where I Did My Project of Online Gym Management As a Task. In This Site Users can create their Account and can check all further details online

Then I did 3 month job as a **Software Engineer** In a Software house named Nestosh located in Lahore. Where I did My project of Automobile Site. In This Site User can check details of cars online,

Now a days working as **PHP Developer** in a software house named SolutionsPlayer Pvt. Ltd. located in Islamabad, Where I am doing different professional projects, Some are mentioned in resume.

I also have **3 years teaching** (Home tuition) experience of APS, SPS and City School.

I look forward to meeting with you to further discuss how I can make a positive contribution to organization as a Member. I can be contacted through email or phone

Thanking you for your consideration.

Sincerely
